C. POINT OF DESCRIPTION

1. Background

- 1.1 Regional Synod Bushveld has taken up a Point of Description in the Agenda of October 2013 of Classis Krokodilrivier, namely: **A Versification of the song of Moses (Deut 32:1-43).**
- 1.2 The Regional Synod is not officially called up to meet, and urgent matters were referred to a extraordinary/outside usual session of Classis Waterberg (Synodus Contracta).
- 1.3 On request of Classis Krokodilrivier it was asked that the Regional Synod should assess the merit of the matter and recommend it to the Synodal Deputy Liturgical Matters to assess for possible inclusion into the Psalm book.
- 1.4 The meeting decided that effect should be given to the Point of Description on the following manner: ***“that the Point of Description be sent through to the Deputy Liturgical Matters of the General Synod for inclusion in the Agenda together with the necessary Report of assessment and suggestion to the Synod.”***
- 1.5 The Point of Description was sent through to the Deputy of Liturgical Matters in 2013.
- 1.6 After studying the Agenda of the General Synod 2015, it appears that it was not taken up in the Reports of the Deputy. The possibility exists however that it may be included under the Reports that will be published in the Supplementary Agenda.

2. Request

- 2.1 Regional Synod Bushveld would really want to make sure that the precious work of elder Schüring, member of the GK Thabazimbi, receives the necessary attention.
- 2.2 Attached hereto the complete Point of Description and the necessary Report of assessment and recommendation of Classis Krokodilrivier and Regional Synod Bushveld.

Since the Deputy Liturgical Matters has indeed included the Versification of the song of Moses in their Supplementary Agenda: 22.1 & 2.4, 2.2 is attached as an unpublished annexure.

Decision: That the Point is Description is given consequence to (see 22.1, Supplementary Report, 2.4).
